- Providing a secure, play based environment so that all children are confident to explore.
- Fostering children's social and emotional development.
- Using reflective practice to continually improve and challenge children in their learning.

Values: Friendship, Honesty, Respect, Confidence & Happiness

Priorities for 2013 – update multicultural resources, use the Reflect, Respect, Relate document to assess/develop relationships between educators and children, provide Unfunded Occasional Care sessions that meet the needs of the community, bathroom upgrade, replace existing storage shed with a larger one.
